

With the new heating season upon us, everything points to ISE.

VALUE

No matter how small or large the loss, ISE's cost-effective engineering services always makes sense.

QUALIFIED PERSONEL

Our staff includes three Fire Investigators, Licensed Plumbers, Air Conditioning Technicians, Oil Burner Technicians, Pipefitters, and Chimney Inspectors.

SUPERVISED BY PROFESSIONAL ENGINEERS

ISE is staffed with professional engineers and is managed by Licensed Professional Engineers, in accordance with state law.

WORLD CLASS LABORATORIES

Through our in-house laboratories and testing facilities, we provide facility engineering support as well as forensic field investigations.

EVIDENCE STORAGE

Our climate-controlled evidence storage facility preserves and protects equipment in the event of court proceedings.

EVERYWHERE IN NEW ENGLAND

ISE's headquarters are in New England and investigators are strategically located throughout New England to respond quickly and cost-effectively to any loss, large or small.

CALL ANYTIME ABOUT OUR EFFECTIVE AND AFFORDABLE SERVICES.

ISE Engineering, Inc.

The answer is in the engineering.
