

# What does *VALUE* mean to you?

It's often measured by the usefulness or desirability of something. **Because ISE is the one company that can resolve all of those winter-related losses cost-effectively, quickly, and with unsurpassed service, we have proven our value in thousands of losses over 25 years.** Our Professional Engineers offer immediate, cost-effective response for losses including boiler damage, fires and explosions, freeze ups, floods, chimney problems, and so much more. Now that's VALUE!

## PROFESSIONAL ENGINEERS

ISE is staffed by Licensed Professional Engineers, in accordance with state law.

## QUALIFIED PERSONNEL

Fire investigators, plumbers, A/C technicians, pipefitters, chimney inspectors, and numerous other disciplines.

## WORLD CLASS LABORATORIES

In-house facility engineering support and forensic field investigations.

## EVIDENCE STORAGE

Climate controlled evidence storage facility.

## FAST RESPONSE

Investigators located strategically throughout New England. Call anytime and just see how fast we are!

This situation could have any number of causes. We will find the ONE.
